

## ZN462 rabbit pAb antibody

| Catalog No : | Source: | Concentration : | Mol.Wt. (Da): |
|--------------|---------|-----------------|---------------|
| A23707       | Rabbit  | 1 mg/ml         |               |

|                              |                                                                                                                                                                     |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | IHC                                                                                                                                                                 |
| <b>Reactivity</b>            | Human                                                                                                                                                               |
| <b>Dilution</b>              | IHC 1:50-300                                                                                                                                                        |
| <b>Storage</b>               | -20°C/1 year                                                                                                                                                        |
| <b>Specificity</b>           | ZN462 Polyclonal Antibody detects endogenous levels of protein.                                                                                                     |
| <b>Source / Purification</b> | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                               |
| <b>Immunogen</b>             | Synthesized peptide derived from part region of human protein                                                                                                       |
| <b>Uniprot No</b>            | Q96JM2                                                                                                                                                              |
| <b>Alternative names</b>     |                                                                                                                                                                     |
| <b>Form</b>                  | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.                                                                                                      |
| <b>Clonality</b>             | Polyclonal                                                                                                                                                          |
| <b>Isotype</b>               | IgG                                                                                                                                                                 |
| <b>Conjugation</b>           |                                                                                                                                                                     |
| <b>Background</b>            | function:May be involved in transcriptional regulation.,PTM:Phosphorylated upon DNA damage, probably by ATM or ATR.,similarity:Contains 27 C2H2-type zinc fingers., |
| <b>Other</b>                 | ZN462 KIAA1803, Zinc finger protein 462                                                                                                                             |
| <b>Product Images:</b>       |                                                                                                                                                                     |

**Application Key:**

WB-Western IP-Immunoprecipitation IHC-Immunohistochemistry ChIP-Chromatin Immunoprecipitation
